

# **Proposal for Handbook 130**

**Method of Sale for Fuels, Lubricants  
and Automotive Products**

***UPDATE***

**NCWM Interim Meeting**

**L&R Open Hearings**

**January 22, 2018**

**St Pete Beach, Florida**

Informal Focus Group

Tim Elliott – Washington

Chuck Corr – ADM

Rebecca Richardson – M4 Consulting

Lisa Warfield – NIST Technical Advisor

# Comments Received

## Proposal presented at the 4 regionals

- General support for the effort
- Simplify the first step
- Reduce confusion with other items
- Template for MOS entries
- Which section for these products

# Modified Proposal

- Slight Modification of Original Proposal
  - Now 3 Step Process
    - 1. *Update Section B – 2018***
      - Tweak **MOS-1, MOS-2** and **MOS-3**
    - 2. *Organize Section B – (2019)***
    - 3. *Simplify MOS for FLAP – (2020)***

# ***Update Section B – 2018***

- Simplification of **MOS-3** - split into ***Update Section B*** and ***Organize Section B***
  1. **MOS-3** will simply add MOS to Section B for products currently only in Section G3
  2. Removed the “General Considerations” and organization portion (now in 2019)
- (Work with others on existing proposals)

# MOS-3 Update

- **MOS-3** update will only add products in Section G3 but not in section B:
  - Gasoline
  - Diesel Fuel
  - Aviation Turbine Fuel
  - Aviation Gasoline
  - Fuel Oils
  - M85 Fuel Methanol

# Recommendation of IFG

## Block 2

- Updated **MOS-1 & FLR-1 - VOTING**  
– Kerosene
- Updated **MOS-2 & FLR-2 - VOTING**  
– Liquefied Petroleum Gas
- Simplified **MOS-3 - VOTING**
- **FLR-4 – Informational – (2019)**
- **FLR-3 – Informational – (2020)**

# Future Steps

- ***Organize Section B – (2019)***
  - The “General Considerations” portion and organization from published **MOS-3**
    - New subsection for **FLAP** in Section B
  - Update definitions in section G
  - B reference definitions in Section G
- ***Simplify MOS for FLAP – (2020)***
  - Remove duplication between B and G

# Request L&R Support

- Ask L&R to support a request to NCWM Chair to create new Task Group under L&R.
- Method of Sale for Fuels, Lubricants and Automotive Products (**MOS FLAP TG**)
- TG would be responsible for development and submission of these related proposals.

# Proposal to for MOS in HB 130
