Title:	Brochures Posted
Effective:	2000

Brochures Posted

Purpose: Establish a method for providing consumer brochures to the public.

Background: NCWM has developed consumer brochures and may develop more in the future. The question has been raised as to the most cost efficient method of providing these to the public.

Policy:

1. Consumer related brochures will not be printed for distribution. Rather, they will be put on the NCWM website in PDF format so that they can be down loaded.
