** Ex-Officio

To: NCWM & CWMA L&R Committees
From: Ronald J. Leone, Executive Director
Date: April 25, 2011
Subject: Motor Fuel Nozzle Color

The Missouri Petroleum Marketers and Convenience Store Association (MPCA) is a 350+ member statewide trade association which represents the majority of the convenience stores, gas stations and petroleum marketers located in and around Missouri.

MPCA fully supports a national motor fuel nozzle color rule designed to reduce misfuelings by making motor fuel nozzle colors consistent, uniform & predictable across the country.

Sincerely,

Ronald J. Leone
MPCA Executive Director
C: 573.864.5189
